_____ Quarterback School

_____ Both sessions

Mike Mihalo Photography

Will be present to take photos of fathers and sons for a lifetime of a memory

Jump Start the 2009 Season

This NON-CONTACT camp is designed to provide quality instruction for players at any age or level. Under the supervision of highly qualified coaches, the participants will have the opportunity to further their physical skills while improving their knowledge of the quarterback position.

The camps will be divided into groups according to age, skill and experience. Each group will be taught the fundamentals, techniques and drills necessary to expedite their development.

Our goal is to provide each player the means to maximize his ability for the upcoming season.

Techniques and Skills to be Taught

Young players learn the best and most up-to-date techniques of playing the game of football. Special emphasis is placed on improving individual ability and skill development. Players will be introduced to offensive and defensive language currently used at the varsity level. It is a great opportunity for the players to interact with the Indian coaching staff and begin to develop the "Championship Attitude" and the will to succeed

What to Bring

- Cleated football shoes or sneakers
- Water will be provided but campers may bring their own water bottle
- Desire to learn and have fun
